

Warren® GL-1 Gear Oils

Warren GL-1 Gear Oils are straight mineral gear oils blended to meet API GL-1 service requirements. They contain no additives except for an antifoam agent.

Warren GL-1 Gear Oils are recommended for steering gears, universal joints, spline shafts, industrial closed gears and many other applications where straight mineral gear oil is required. They are **NOT RECOMMENDED** for extreme pressure (EP) or hypoid gear applications. Follow manufacturer's recommendations for viscosity grade and API Service Category.
