

Warren® Premium Cotton Picker Spindle Grease

Warren Premium Cotton Picker Spindle Grease is a lithium soap product specifically designed for use as a cotton picker spindle lubricant. This product provides improved performance in several critical areas common to most pickers. Premium levels of anti-wear protection, rust inhibition and corrosion protection are provided, as well as enhanced oxidation prevention. It is a semi-fluid product to insure complete protection and low temperature performance at harvest time. It is dyed green for easy identification.

Warren Premium Cotton Picker Spindle Grease will provide excellent performance in applications calling for the following specifications: JDN-360, JDN-305 or IH B-27.

Typical Characteristics

NLGI Consistency Number	00
Thickener	Lithium 12-Hydroxy Stearate
Texture	Smooth, Semi-fluid
Color, Observed	Green
Odor	No pungent odor
Worked 60 Penetration, D-217	400-430
Dropping Point, D-566, °F. (°C.)	300 Min.
Rust Prevention, rating	1
Copper Corrosion	Pass, 1B Max
Alkali, %	0.2 Max.
